

Wingling (Ellery Rider Book 1)

Fourteen years ago, the Sixth Prince of Prell used his dark shadow magic to defeat his older brothers and become king. Before he did, he carefully eliminated all obstacles in his way so he thought. Despite all his efforts, a wide network of spies and soldiers are planning to remove him from power and put his niece, the First Princess, on the throne. Fourteen-year-old Ellery Rider is an orphan living in a frontier village cut off from the terror Jadeth has caused. When a knight arrives to recruit men for the army massing against the king, her only worry is that her cousin and only friend will be dragged into the war. When the knight gives her an emerald necklace, Ellery discovers that she has much bigger things to worry about. The emerald is a dragonstone, and Ellery has become one of the Draikon, the mythical race of dragon shapeshifters who are the shadow kings' only enemies. Despised throughout Prell for abandoning Jadeth's eldest brother in his hour of need, they are nevertheless the only thing that stands between the shadow king and absolute power.
