

What Music Is (Classic Reprint)

Excerpt from What Music Is These few thoughts upon what Music is - in itself, and to us - first appeared as a series of Articles, and therefore there is scarcely more than a thread of connection running through them; but as, in their original dress, they won many friends, I have thought it best to let them remain almost entirely in the same costume which seemed best to conceal their many deficiencies. About the Publisher Forgotten Books publishes hundreds of thousands of rare and classic books. Find more at www.forgottenbooks.com This book is a reproduction of an important historical work. Forgotten Books uses state-of-the-art technology to digitally reconstruct the work, preserving the original format whilst repairing imperfections present in the aged copy. In rare cases, an imperfection in the original, such as a blemish or missing page, may be replicated in our edition. We do, however, repair the vast majority of imperfections successfully; any imperfections that remain are intentionally left to preserve the state of such historical works.
