

## The Man Who Wasnt Anders Voss

Once there was a man named Anders Voss. He was a criminal. A man caught and sentenced to a lifetime in jail. And a man given a single chance to escape his fate. They would take him, train him, and send him to the stars. And they did just that. But they lied. They didnt tell him that the transport would kill him. That he would die on Earth and another innocent man would be born on an alien planet. A man with his memories and his body, built from his remains. A man who would be born out of death, with its fingers gripped firmly around his soul. With his body damaged from the process, sickness stalking him, and death due to claim him soon. But they also didnt tell him that they would send him to a world where there were aliens.
