

## DEUS EX MACHINA: La Sombra de la Luna (Spanish Edition)

?Te gustaria ser inmortal? En el ano 2092, Global Cibernetics, la mayor corporacion de cibernetica del mundo, convierte a cualquier persona en inmortal pasando su espiritu a un cuerpo sintetico completamente identico al original, llamado Avatar. Dicho cuerpo brinda a quien lo ocupe una fuerza increible y una juventud eterna. Pero la inmortalidad tiene un precio que no esta al alcance de todos. Si eres de los que no puede pagarlo seras destinado a las bases de mineria espacial en la Luna o en Marte como productor por tiempo ilimitado. O si en cambio eres de los pocos privilegiados que lo logro podras disfrutar de todas las comodidades que brinda la inmortalidad viviendo en la ciudad lunar de Paraiso, en la Hiperborea marciana o en las ciudades sumergidas de la Unicidad. Adam Maxwell despierta en una camilla sin poder recordar nada sobre su vida pasada descubriendo que acepto la traslacion de espíritus a cambio de trabajar para una empresa minera en la Luna. En pocas horas ira camino de la Central donde se vera expuesto a multitud de desafios a lo largo y ancho de las dunas, montanas, abismos y parajes lunares en busca de una respuesta por saber quien es y por que ha perdido toda su memoria. Mientras tanto en la Tierra se vive una situacion convulsa entre las tres grandes superpotencias ante un enemigo enmascarado dirigiendo el Frente de Liberacion por el trato injusto que reciben los productores en el espacio. Y contra ellos estara la Union, cuyo ideario protector y pacifico choca contra las sublevaciones laborales en la Inmocracia mundial.
