

Abuse of the Doctor-Patient Relationship

-A practical guide to the area of boundary violations and (sexual) abuse within the doctor-patient relationship. Aims to help improve safety for patients. -First British book on this serious subject that is often poorly dealt with. -The book covers: ethical issues and advice on teaching them; prevalence; regulation and sanctions; prevention management; remediation; and roles of the different authorities likely to become involved, such as protection societies and the General Medical Council (GMC). -Focused chapters on the medical specialties presenting the greatest risk: psychotherapy, gynaecology, general practice, plus nursing. -Useful appendices include codes of practice from the Royal College of Psychiatrists, the GMC and elsewhere, plus other web-based resources. -Illustrated with many case-histories in the public domain. Readership Applicable to all psychiatrists and psychiatric trainees, especially in the sub-specialty of psychotherapy. Also relevant for all doctors (especially GPs and gynaecologists) and all health care professionals of other disciplines. RCPsych Publications is the publishing arm of the Royal College of Psychiatrists (based in London, United Kingdom), which has been promoting excellence in mental health care since 1841. Produced by the same editorial team who publish The British Journal of Psychiatry, they sell books for both psychiatrists and other mental health professionals; and also many written for the general public. Their popular series include the College Seminars Series, the NICE mental health guidelines and the Books Beyond Words series for people with intellectual disabilities. RCPsych publishes in all areas of psychiatry and mental health, including but not limited to: Clinical psychiatric practice Intellectual disability Mental health services for children, adolescents, adults and the elderly Psychopharmacology Psychotherapy

Rehabilitation psychiatry Family mental health Service provision RCPsych Publications books can help with the following disorders: Addictions Affective disorders Attention deficit hyperactivity disorder (ADHD) Bereavement Borderline personality disorder Cognitive-behavioral therapy (CBT) Dementia Depression Eating disorders Perinatal psychiatric disorder Post-traumatic stress disorder (PTSD) Psychosis Schizophrenia Sleep problems
